2006 Interactive Training Initiative

Applied Proteomics – Tips & Tricks

on-site applied training course with international debriefing workshop

Training Course Proposal Form

Proposed Title : Selective Isolation and Quantitative Mass Spectrometric Analysis of Phosphopeptides
Brief Description (100 words max.): The participants will learn how to isolate phosphopeptides from complex peptide mixtures, how to stable isotope label them and how to analyze the isolated phosphopeptides using mass spectrometry. In addition the participant will get an overview of how to use different software tools for the analysis of the generated mass spectrometric data.
Location (Institute name and town): IMSB, Zürich
Maximum number of participants (2-10): 5
Duration (1-5 days): 3
When (proposed dates between September 18 and November 24, 2006): November 22-24
Provisional budget (if necessary):
Organising laboratory: Laboratory of Prof. Aebersold
Contact person: Prof. Aebersold, Bernd Bodenmiller
Postal address: Institut für Molekulare Systembiologie, Wolfgang-Pauli-Str. 16, 8093 Zürich
Phone: +41 44 633 34 03 (Prof. Aebersold), Tel: +41 44 633 36 38 (Bernd Bodenmiller)
Email: aebersold@imsb.biol.ethz.ch , bodenmiller@imsb.biol.ethz.ch
