2008 Interactive Training Initiative

Applied Proteomics – Tips & Tricks

on-site applied training course with international debriefing workshop

Training Course Proposal Form

Proposed Title: Bioinformatics for proteome analysis Part III – Publishing 2-DE data
Brief Description (100 words max.): This tutorial session will allow participants to publish their own 2-DE data on the Web, by using the Make2D-DB package. The participants are asked to come with their own gel image(s) and list(s) of identified spots, and by the end of the day they will have their database on-line. The course level is adapted for beginners in the field of bioinformatics for proteomics.
Location (Institute name and town): Swiss Institute of Bioinformatics, Geneva
Maximum number of participants (2-10): 1-10
Duration (1-5 days): 1 day
When: 17 October 2008
Organising laboratory: Proteome Informatics Group, Swiss Institute of Bioinformatics, Geneva
Contact person: Christine Hoogland
Postal address: Swiss Institute of Bioinformatics CMU, 1 Michel-Servet CH-1211 Geneva 4 - Switzerland
Phone: (+41 22) 379 5828
Email: Christine.Hoogland@isb-sib.ch
